

15th
Czech-German
ENT Days

September 23-25

2016

Hamm/Westf.-Kurhaus

Dear colleagues

It's a great pleasure for me to invite you to the 15th Czech-German ENT Congress from 23rd to 25th of September 2016 in the Kurhaus of Hamm/Westf.

Hamm is a city in the northwestern part of Germany with nearly 200.000 inhabitants, two technical colleges, 5 hospitals and different ambulatory rehabilitation institutes. It has established itself as health center for the Westphalian region with good traffic connections (important road link and railway station) and two airports within easy reach (Dortmund, Düsseldorf).

Main topics of the congress will be

- **Minor surgery in ENT**
- **Thyroid and parathyroid disease**
- **Sinus and lacrimal diseases**

There will be two **courses** on Friday, 23. September:

- **Basics of sleeping medicine** (diagnostics, conservative and operative therapy)
- **Basics of thyroid and parathyroid diseases** (diagnostics, conservative and operative therapy)

Take the opportunity to submit your abstracts **until June 30, 2016** on the congress homepage

www.CGORL.eu

We want to encourage above all young colleagues to give their -maybe first- presentations in the familiar atmosphere of a small international congress. Congress language will be English.

The best presentation of a participant below the age of 35 will be awarded.

Among different social events the traditional Czech-German soccer game at end of the congress will be the final highlight.

Please inform your colleagues about the opportunity to become an active part of our congress program.

I'm looking forward to many interesting abstract submissions and to welcoming you all in September next year in Hamm.

With kind regards

Dr. Dr. Jürgen Abrams
